SOFTWARE ENGINEER

ABOUT ME

I'm senior student of Computer Enginnering at ITCR with experience in projects related to web and computer applications with different uses and topics. During this time I have participated in projects related to different branches of programming, especially websites where I have been part of groups which have obtained satisfactory results in the projects that we have proposed, I am looking to be part of a team to be able to contribute both at the level of knowledge in software as well as learning other types of tools or languages.

KNOWLEDGE

- Web Development (CSS, HTML, JS)
- ReactJS
- Frontend Frameworks (ReactJS)
- Relational Databases (SQLS / PostgreSQL)
- API
- NodeJS
- Python
- Java
- C#

LANGUAGES

- Spanish - Native
- English

COLLEGE EXPERIENCE

2017 - 2023 **Academic Software Projects**

I worked in differents projects in my carrer in the Tecnologico de Costa Rica relative to Software. I have use many of programing language like C#, C, Python, Java for Native Computer Apps, also in Frontend Web Apps i did projects using HTML, CSS, Frameworks like ReactJs and Angular, in terms of Backend i worked with Javascript, NodeJS and ExpressJS.

Projects:

- **ACMTEC (Air Quality Monitoring App with Real Time Data)**: The project aimed to provide users of the application with real-time information about air quality in their location, along with weather data and live updates from other regions. The app also offered advice on how to maintain good air quality and stay healthy
- **Shut Chat** : This project focused on being able to communicate with other people through the application, in it you could send audio, multimedia files, text messages and also be able to create groups. System similar to WhatsApp/Telegram.

EDUCATION

2017 - 2023 **Bachelor's Degree in Computer Engineering**
Tecnológico de Costa Rica

2012- 2016 **Instituto Educativo Educación Bilingue Montecarlo**
Extracurricular Activities: Computer Classes, Websites UI Design and Audio/Visual Production.

SOFT SKILLS

- Proactive
- Effective Comunication
- Creativity
- Adaptability
- Teamwork
- Work Ethic
- Active listening
- Leadership
